Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Training and supporting teaching staff in effective collaborative inquiry planning
- Effectively implementing both Explicit and Direct Instruction pedagogies.
- Embedding our school's current numeracy agenda.
- Developing a shared understanding of 'data literacy' and supporting teachers and leadership teams to effectively use data to inform targeted teaching.
- Targeting early years education through improving financial, physical and human resources.
- Enhancing our class structures to provide greater Numeracy curriculum access across single year level cohorts.
- Developing teachers' capability to teach digital technology, and embed the use of ICTs across learning areas.
